## Original (for SUBMISSION )

VIII-4-1 Declaration: Inventorable (only for the purposes of the designation of I hereby declare that I believe I am the the United States of Amorica) original, first and sole (if only one Declaration of Inventorship (Rules 4.17(iv) and S1bls.1(a)(iv)) for the inventor is listed below) or joint (if purposes of the designation of the more than one inventor is listed below) United States of America: inventor of the subject matter which is claimed and for which a patent is sought. This declaration is directed to international application PCT/ GB2004/002642 (if furnishing declaration pursuant to Rule 26ter). I hereby declare that my residence, mailing address, and citizenship are as stated next to my name. I hereby state that I have reviewed and understand the contents of the aboveidentified international application, including the claims of said application. I have identified in the request of said application, in compliance with PCT Rule 4.10, any claim to foreign priority, and I have identified below, under the heading "Prior Applications", by application number, country or Member of the World Trade Organization, day, month, and year of filing, any application for a patent or inventor's certificate filed in a country other than the United States of America, including any PCT international application designating at least one country other than the United States of America, having a filing data before that of the application on which foreign priority is claimed. VIII-4-1- Prior applications:

		hereby acknowledge the duty to isclose information that is known by me to be material to patentability as affined by 37 C.F.R. S 1.56, including for continuation-in-part applications, atterial information which became trained between the filing date of the vailable between the filing date of the continuation and the PCT international filing date of the continuation-in-part application. In hereby declare that all statements hade herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
